Glossary of terms:

Consortium: Or Industrial Affiliates program, whereby multiple companies pay an annual membership fee to belong, and in return receive various benefits.

Direct Income: Companies sponsor MRSEC or MRSEC-related research, or contribute significant financial resources to the MRSEC.

Direct Partnership: A company partners with one or more academic institutions in the MRSEC itself.

Collaborative Projects: Industry researchers conduct research in direct collaboration with MRSEC faculty and students.

Shared Facilities: Industrial scientists take extensive advantage of MRSEC-sponsored Shared Facilities.

Continuing Education: MRSEC faculty are involved in short courses, workshops, or symposia in which industrial scientists participate.

Joint Patents: Provision exists for companies to own some or all of the IP associated with MRSEC -related research.

Licensing: Provision exists for companies to license some or all of the IP associated with MRSEC -related research.

Advisory Boards: Industrial scientists participate on MRSEC Advisory Boards.

Industrial Fellows: A formal program whereby industrial scientists can spend significant time in the academic lab, or vice versa.

Student Interns: Companies provide on-site experiences for MRSEC-affiliated undergraduate or graduate students.

Start-Ups: MRSEC research and technology leads directly to formation of start-up companies.
