ISLAND Conference

PCCM hosted the Inclusion in Science, Learning a New Direction (ISLAND) conference on disability and STEM, which promotes a more inclusive learning experience for persons with disabilities. The 14th annual ISLAND conference was a hybrid event held at Princeton University on October 13-14, 2023.

New Jersey Regional Abacus Bee Math Competition

PCCM partnered with Vistas Education Partners and Independence Science to host the inaugural New Jersey Regional Abacus Bee Math Competition at Princeton University on October 14, 2023. The competition encourages blind and low vision students to practice their math skills. There were 10 student contestants, ages 5-21, with their parents and 15 volunteers. The agenda included parent workshops and makerspace activities.
