

MRSEC Summer Course, “Introduction to Microfluidics Technology”

Dongshin Kim (*Brandeis*), DMR-Award # 0820492

2015 Broader Impacts

Dr. Kim taught a one-week summer course, “Introduction to Microfluidics Technology”. The course introduced students to microfabrication technologies and emphasized hands-on experience. In 2014, the 14 students in the course came from industrial and academic organizations.
